- Bachelor's Degree required
- Master's Degree preferred
- Professional accreditations and memberships a plus

Primary Job Responsibilities:

- Define process maps, value chain models, KPIs and metrics associated with Business Processes
- Conduct Detailed analysis of the business process, recommend a BPM based solution to address process challenges, improve process visibility and automate end to end process
- Estimate the efforts required to implement the solution
- Design the BPM solution; build functional and technical specifications
- Undertake development of BPM processes, ADF applications, and Frevvo forms used in human workflow
- Lead the development team

- Troubleshoot technical issues
- Coordinate with the customer during the project
- Socialize BPM concepts within the Business Users/Stakeholders
- Recommend BPM reference architecture and best practices.
- This role may also include support of production activities including some customer support, periodic batch support, and other production related activities such as SIR fixes and enhancements.

About Sofbang:

Founded in 2000, Sofbang is a leading solutions provider and system integrator of the Oracle Cloud Platform, Oracle Mobile and Oracle Fusion Middleware suite of products. As an Oracle Platinum partner and former BEA Systems, Inc. partner, Sofbang has over a decade of Oracle expertise. Sofbang specializes in providing enterprise customers with dynamic mobile, cloud and middleware solutions, enabling them to create, integrate and run agile, intelligent business applications leveraging the Oracle Cloud platform and Oracle Fusion Middleware stack. We design solutions with Scalability, Flexibility and Extendibility in mind. We call this concept Designed for Change. Our solutions help organizations reduce costs, increase revenue, enhance end-customer experience, promote accountability and transparency, and improve productivity. Our company was founded with the passion that comes from seeing clients achieve strategic success. Sofbang is headquartered in Chicago, Illinois and is minority owned.
