Position Description:

Sofbang is seeking a new resource to join our growing company as an Oracle Fusion Middleware Technical Lead. Seeking a seasoned professional with strong hands-on Oracle Fusion Middleware knowledge, and advanced experience building solutions using Oracle SOA Suite 12c.

Required Skills:

- Minimum of (5) years of hands-on experience with Oracle SOA 12c/11g including at least (2) implementation experiences on Oracle BPM 11g/12c.
- Skilled in a combination of Oracle ADF and Oracle BPM.
- Extensive Knowledge of Java, J2EE, MVC Concepts and an understanding of SDLC, J2EE patterns, BPM Patterns, and Object Oriented technology.

Desired Skills:

- Candidates that have worked for Oracle in the past or at another Oracle Platinum Partner are strongly preferred.
- Experience working with off-shore resources and understanding the offshore meeting schedule.
- Listening skills to understand potential customer pain points and needs, relating them to Sofbang solutions.
- Self-motivated and results driven with a clear sense of urgency.

Education:

- Bachelor's Degree required
- Oracle certifications a plus

Primary Job Responsibilities:

- Lead the team in the architecture for a major multitenant SOA infrastructure.
- Conduct detailed analysis of the business process, recommend architecture for SOA infrastructure.
- Estimate the efforts required to implement the solution.
- Troubleshoot any SOA infrastructure issues.
- Coordinate with the customer during the project.
- Recommend SOA reference architecture and best practices.
- Conduct a detailed analysis of the business process, recommend a SOA based solution to address process challenges, improve process visibility and automate the end to end process.
- Troubleshoot technical issues.
- Coordinate with the customer during throughout the project.

About Sofbang:

Founded in 2000, Sofbang is a leading solutions provider and system integrator of the Oracle Cloud Platform, Oracle Mobile and Oracle Fusion Middleware suite of products. As an Oracle Platinum partner and former BEA Systems, Inc. partner, Sofbang has over a decade of Oracle expertise. Sofbang specializes in providing enterprise customers with dynamic mobile, cloud and middleware solutions, enabling them to create, integrate and run agile, intelligent business applications leveraging the Oracle Cloud platform and Oracle Fusion Middleware stack. We design solutions with Scalability, Flexibility and Extendibility in mind. We call this concept Designed for Change. Our solutions help organizations reduce costs, increase revenue, enhance end-customer experience, promote accountability and transparency, and improve productivity. Our company was founded with the passion that comes from seeing clients achieve strategic success. Sofbang is headquartered in Chicago, Illinois and is minority owned.
